## TRADING STAMP PLAN NEARS COMPLETION

Harold Estensen, spokesman for the Campbell Trading Stamp organization, announced this week that the stamp plan is expected to go into effect by March 15. Approximately 34 merchants have joined in the plan whereby shoppers receive trading stamps for every purchase at the rate of 10 per dollar. Books are redeemable for three dollars in merchandise at any of the participating merchants' places of business.

Estensen stated that previous delays have been caused by a thorough investigation and checking of the plan for any loopholes to make sure that both the shoppers and merchants of the area would benefit fully from the plan.

Filing of the articles of incorporation with the state is the last step before instituting the plan, according to Estensen.

Participating merchants who have signed up to date include the Modern Shoe Repair, McConnel and Schoenberger Shell Service, Orchard City Grocery, Bud's Texaco, Western Gravel, Winchester Hardware, Accardi's Appliances, Jeffers Men's and Boys' Wear, Campbell Furniture and Appliance, Bernardi's Signal Gas Station, Rhea's Golden Rule, Campbell Press, Lico's Market, Clark's Drugs, Campbell Hardware, Nelson Grain, Campbell Variety, TnT Variety, Jones Service Station, Cambrian Garage, Benson's Campbell Cleaners, Campbell Washette, Campbell Music Center, Campbell Lumber Company, Cefalu Sporting Goods, Guarantee Shoe Store, House of Carpets, Horace's Grocery, and James Rare Plant Nursery.

## Old Settlers' Day Marks Long Record Of Festivities In The Campbell District

More than half a century of Old Settlers' Day ceelbrations have raised the annual event to one of the highlights of the town of Campbell each year. This year's 58th Annual Old Settlers' Day, scheduled for the traditional Washington's Birthday date, is the second lodest local celebration still held in the state of California. It ranks next to the Pasadena Rose Festival held each year on New Year's Day.

**Some doubt exists as to the beginnings of the first Old Settlers' Day but early records indicate that the first meeting of townspeople for a celebration was on July 4, 1892. The early residents planned a program and flag raising. People were invited to bring a basket lunch and stay for a picnic dinner. A newspaper item afterward described the flag raising as a decided succes. Spectators and participants listened to the speeches of Senator Conklin and Judge Myrick from San Francisco. The program was centered around the red brick building at the dehydrator which is still standing.**

A similar celebration was held the following year in which Judge Myrick and Col. Hershey were the speakers.

In 1895 a patriotic celebration was held on February 22. Several reasons have been offered as the purpose for changing the date of the festivities. Included among them are the fact that the weather may have been more suitable, more people could attend and the blossoming of the orchards lent a more picturesque setting for the activities. A picnic dinner was held in the Sutter Building at the corner of Central and Campbell Avenues. Judge Myrick and Benjamin Campbell, founder of the city, were the speakers.

**William Henley, chairman of the speakers' committee, announced this week that Clyde Arbuckle will be the main speaker at the morning welcome of the old settlers. Arbuckle is county historian, and is currently engaged in preparing a history of the area. Arbuckle will speak on the development of cities in Santa Clara County.**

Files of newspapers of the day give evidence to show that the affair has been held each year since, but it is not known just how or when it first received the title of "Old Settlers' Day."

The 1952 celebration will include the traditional parade which will start down E. Campbell Avenue at 12:45, welcome of old settelrs, old settlers' luncheon, a music festival, a pancake and waffle dinner and a variety show to be held during the evening.

Committee chairmen of the various Old Settlers' Day committees include, registration, Mark Purmort; program, C. P. Klassen; speakers, William Henley; Old Settlers' luncheon, Dave Sanders; music program, C. P. Klassen; basketball program, Bert Robinson; pancake dinner, Fred Livingston; variety show, Laurance J. Hill and Alma Fanning; souvenir program, George Egling; finance, Jack Payne; Chamber of Commerce representatives, Lowell Benson and George Jeffers; traffic control, Jack Chappell. All committee chairmen are under the direction of general chairman Martin S. Walsh.

According to Safety Council officials, experience in other such conferences throughout the country shows that these "youth panels," are of great value, and generally bring out some very helpful and valuable recommendations. many recommendations of these youth panels have been put into effective operation.

Participating on this panel at the conference will be Alice Jones and Henry Ramp from Campbell Union High.

## Rotarians Are Told Of Mental Health Clinic

Dr. George E. Muench, professor of psychiatry at San Jose State College, told of the purpose and organization of the Santa Clara County Mental Health Service at a meeting of the Campbell Rotary Club Monday noon. He stated that the emotional problems of the individual are little understood by the average person and that a social stigma is often attached to those who have acute emotional problems. Referring to statistics of those who would need guidance and help, the professor stated that one person out of every twenty would, at some time during his life, attend a mental hospital and and that one in every ten would need help and guidance with emotional problems.

"The mental health service," he said, "is designed to aid in many of these problems. It is financed by state and federal funds on the assumption that the various communities will eventually take over support of the unit in their area."

Dr. Muench demonstrated various phases of emotional disorders with the use of a film entitled, "Angry Boy."

Mrs. Barbara Patrick, teacher at the school and one of the team leaders, stated that the high record of contributions was due to a sense of student awareness of the situation which faces the nation in its fight against polio.

## Hardwaremen Top GE Cage Squad

A strong Campbell Hardware cage squad rolled over the General Electrics, 53-31, in B league competition last week. The hardwaremen had little trouble in downing their opponents and took to an early lead which saw them end the half with a 22-11 lead.

Unique feature of the game was the slow second quarter in which the Hardwaremen scored only two points and held their opponents to a blank.

Layman of the Hardware squad and G. E. guard Freitas tied for game honors with eleven tallies each. Layman had lagged behind until the fourth frame when he caught fire and ran up a total of seven points for his team.

# STUDENTS HEAR DR. ANGEL SPEAK

In a recent group review with senior boys and girls at Campbell High school, Dr. Clarence M. Angel, school psychologist and family life counselor, asked the question: "What's the most important question on your mind, that you'd like to have answered?"

Responses from 240 seniors ranged all the way from study and school improvement, college and military service, to many more requests of how to get along with boy and girl friends, how to get along better at home, and how to improve oneself, so as to get over problems of insecurity, self-centeredness, gossipy and resistive tendencies, silliness, and inadequacies within themselves.

**Consequently two parallel emphases are being offered next term in the Campbell High school curriculum. One will be a course on "Basic Human Understandings" (how to know myself and get along with others) offered to seniors who have asked for the course.**

Another series will be offered Thursday evenings by the adult school, to interested parents who want to understand parenthood and youth relationships at the teen-age level. This latter program will be called "Approaches to Cooperative Family Understanding," and will consist of a series of family round table discussions directed by Dr. Angel, using documentary films which have been secured as a basis for explaining the reasons problems arise between parents and older youth; along with practical methods by which cooperative adjustments will occur.

The first meeting of fathers and mothers will occur February 7, in room 40 of the new homemaking wing at Campbell High school, from 7:30 to 9:30 p.m.

Subjects for discussions will include "Becoming a Person," "When Is A Youth Grown Up?", "The Adolescent Revolt," "Underlying Personality Conflicts," "Building Toward Future Maturity," "The Family," "Both Today and Youth's Dream of Tomorrow," "Establishing a Sense of Values."

Dr. Angel, a qualified psychologist in family counseling, affiliated with the American Psychological Association, has been employed by the Campbell Board of Education to aid with community, school and home situations.

## Anti-Corruption Bills Sponsored By Senator Nixon

A six-point legislative program designed to "close up some loopholes" which he said have been partly responsible for the "wave of corruption in the Federal Government" is being sponsored in the present session of Congress by Senator Richard Nixon of California.

The program he is urging is termed by the Senator "a minimum course of action which is clearly called for by recent revelations of corruption and other evils." He emphasizes, however, that adoption of his bills will not prove the complete solution to the problem and that Congress must continue to investigate and expose evidence of illegal and unethical practices.

"Also, there undoubtedly are further legislative steps to be taken, in addition to those I am proposing," Senator Nixon says, "and I intend to expand this program as the necessity for such moves becomes apparent. However, a million laws would not completely eliminate wrong-doing on the part of government officials and employees. As long as we have dishonest people in the government service, laws will be broken, and that is the principal reason Congress must never relax its effotrs to expose crooked public servants and uncover illegal practices."

Here is the Nixon "anti-corruption" program as it stands at present:

S. 1390, introduced April 26, 1951, passed by the Senate July 23, 1951, now under consideration in the House, makes it a felony for an officer or employee of the Government to demote, retire or dismiss another officer or employee for testifying before a committee of Congress. ("Such a law will protect Government employes who have the courage to tell what they know against reprisal from any national administration that happens to be in power," Nixon says.)

S. 111, introduced July 6, 1951, favorably reported by Senate Judiciary Committee, January 21, 1952, now on Senate calendar. Under its terms, the statute of limitations (which limits the time during which a person can be prosecuted for a crime) would not apply in any case involving corruption or breach of trust by anyone in Government service. ("Too often evidence of criminal action is brought to light too late for prosecution and the offender goes scot free,' 'says Senator Nixon, and he adds: "Unfortunately, a Government official or employee is in a peculiarly good position to cover up his missteps.")

S. 2086, introduced August 31, 1951, now pending before Senate Judiciary Committee, gives Federal Grand Juries greater freedom of action, permits them to proceed with investigations at their own discretion without approval of the Department of Justice or the Federal courts. No judge could dismiss a jury until the jury advises him it has completed its investigations.

S. 2235, introduced October 8, 1951, now pending before Senate Judiciary Committee, makes it a federal offense for an officer or employee of the government to acept any compensation or gift from an officer or employee of a national political party.

S. 2299, introduced October 18, 1951, now pending before Senate Judiciary Committee, prohibits members or employees of a national political committee from practicing before or attempting to influence a decision of any department or agency of the United States. ("If such a law had been on the books, neither Mr. Boyle, chairman of the Democratic National Committee, nor Mr. Guy Gabrielson, Chairman of the Republican National Committee, could have escaped unscathed from the revelations of their RFC activities which were uncovered before the Senate Committee last fall," Senator Nixon points out.)

S. 2482, introduced January 22, 1952, now pending before Senate Finance Committee, requires the Secretary of the Treasury to furnish Congress complete reports of cases in which settlements have been made by tax collectors for less than the tax due. ("By requiring publicity on such settlements, we will make it more difficult for gangsters and racketeers to evade their tax debts with the connivance of crooks in the Internal Revenue Bureau and the Department of Justice," Nixon says.)

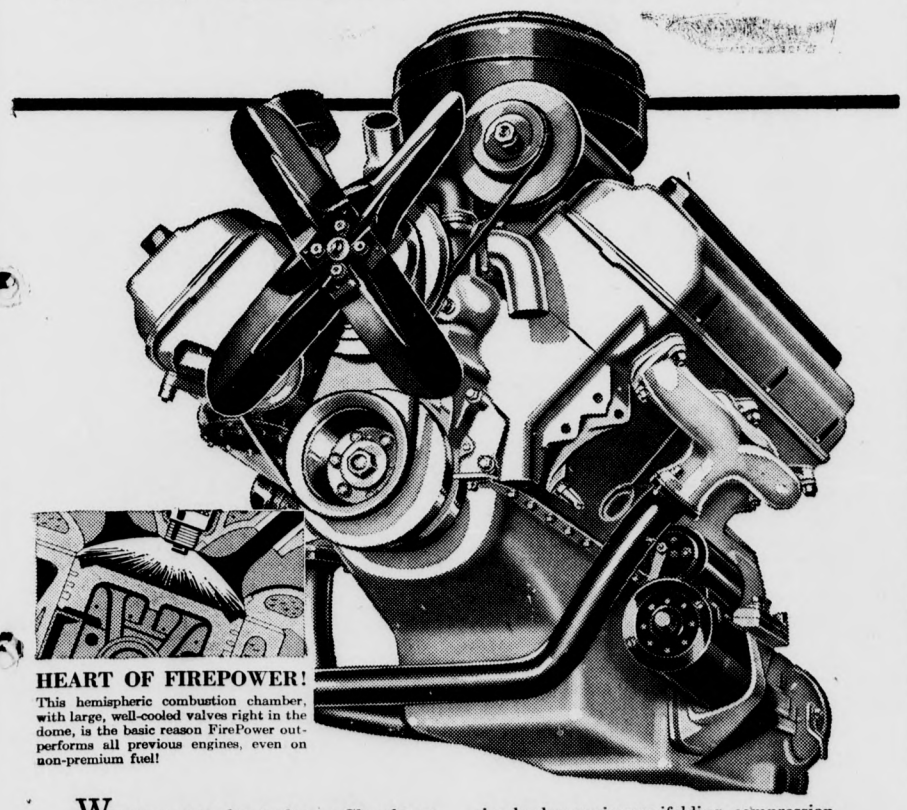
**CHRYSLER V-8 ENGINE!**



**HEART OF FIREPOWER!**
This hemispheric combustion chamber, with large, well-cooled valves right in the dome, is the basic reason FirePower outperforms all previous engines, even on non-premium fuel!

WHETHER you plan to buy a Chrysler or not, we cordially invite you to drive this revolutionary Chrysler FirePower V-8 engine. Only FirePower performance can possibly tell you what it is like. We want you to have that experience. The FirePower engine is a *basic new design* so advanced it can meet rising performance needs for years to come. Today it delivers 180 horsepower, even on non-premium fuel, and when desirable with simple changes in manifolding, compression, and carburetion the horsepower can be raised to 250 . . . or over 300, as in the experimental Chrysler K-310 car. Naturally, others will imitate this Chrysler achievement, at least in part. We honestly believe that the FirePower engine will outperform any other car in America . . . and we invite you to learn the new standard in engine performance Chrysler has set by driving it yourself.

(3) The Lessee will hold the school district harmless from any and all liability for damage to any occupant of said premises or other person who may enter thereon during the term of the Lease for any claim for property damage or personal injury suffered as a result of any accident, misconduct, or neglect on the part of the Lessee or agent or employees of said Lessee.

# Buc Cagers Take Twin Bill From San Jose Tech

Campbell varsity cagers chalked up their second win of the season with a victory over the San Jose Tech Tigers on the local courts last Friday night, 54-50, while their lightweight teammates ran up a 36-28 victory over the visiting 130 squad.

Bob Cook paced the locals with 18 digits in the close contest in which the difference between the two teams never exceeded eight points. High point man for the Tigers were Lamella and Spadafore with 16 tallies each.

Campbellmen Kelly and Shumway led scoring with ten each for the 130's when they advanced their record to eight wins and four losses for the season. High point man for the visitors was Faming who latched on to eight digits.

# Audio Visual Aids Course Set For Moorpark

Beginning February 14, a ten-week course in audio-visual aids in instruction will be offered at the Moorpark School in Campbell by the San Jose State College extension service.

Three units of credit will be given for the class, which meets from 4 to 6 p.m. on Thursdays. It will be taught by the SJSC Audio Visual Service Center staff, headed by Dr. Richard B. Lewis, professor of education.

Teachers interested in taking the course should contact Mrs. Helen Peterson of the Campbell Superintendent of Schools office.

# SPORT SCENES

By "Mac"

Top item on the agenda this week will be the dual meet between the unbeaten Buc wrestling team and the twice beaten Lick Comets' Friday afternoon. Despite the fact that comparative records give the locals a decided edge over their opponents, the Lickmen will be no pushover. Fremont, who was barely topped by Campbell, showed the Comets their heels last week, but the James Lick boys were wrestling under the handicap of the loss of three of the top stars. These men will be on tap for the battle this Friday and should show the locals a good fight for their money.

**Campbell is in almost the same position with Lick as they were when they faced the Indians. The Comets show far more individual talent than the Bucs and are strong in almost the same points as were the Indians. Should the Bucs have a good day and fire up for the contest, they stand a good chance of winning, but like every team which has had taste of victory, they may come to the meet with the same kind of overconfidence which saw Stanford lose the big game to Cal. This very situation is the one which Coach Miskulin fears, and he has been spending the week trying to impress upon his charges that Lick is no push-over. Campbell will be further handicapped with holding the position of favorite in the match—a factor which is the exact reverse of the Fremont match when the Bucs were the underdogs.**

An item which is well deserving of the attention of the parents of the area as well as the sport fans is the county heavyweight basketball tournament for grammar school kids which will be held on the local high school courts on February 16. The little fellows always manage to put on a show and the tournament promises to hold more than a little excitement for local fans in view of the tied position for first place which Campbell shares with Mt. View and Alum Rock. The Campbell boys lost to Sunol during the first tournament at Santa Clara and only after they had gone into a double overtime. Coach Neal Royer thinks his charges have a good chance to make the finals but states that they will have to play their best to win the tournament. Games will start at 8 a.m. and run to 5 p.m. on a double schedule.

**Biggest surprise of the week was the fine showing which the Buc varsity cagers made in their 54-50 triumph over the San Jose Tech Tigers. Pregame predictions had slated the Bucs for another loss, but the locals caught fire to prove that they weren't entirely a cellar team. Their little brothers, the 130's, brought their record up to eight wins and four losses with their victory over the Tiger 130's in the preliminary. The 130s have shown considerable talent and have lost only one league tilt to the championship Mt. View Eagles.**

Coaches' predictions of their teams' ability: George Miskulin on the Campbell-Lick wrestling match, "This will be a tough one. The boys can win only if they're fired up." Bert Robinson on the Live Oak-Campbell cage contest Friday afternoon, "The varsity can win this one if they play as they did against San Jose Tech. The 130s should make their usual good showing."
